

Comprehensive Leave Policy Manual

Document Reference: HR-LEV-2026-V2
Effective Date: January 1, 2026
Scope: All Full-Time and Part-Time Corporate Employees

1. Paid Time Off (PTO) Framework

InnoCorp Solutions provides a consolidated Paid Time Off (PTO) pool that combines vacation, personal time, and floating holidays. This gives employees total autonomy over their time-off distribution.

1.1 Accrual Tiers and Limits

PTO is accrued semi-monthly on the 15th and last day of each calendar month. The rate of accrual is determined directly by an employee's continuous tenure with the organization:

Tenure Milestone	Annual Accrual Max	Semi-Monthly Accrual Rate	Max Rollover Cap
0 - 2 Years	15 Days (120 Hours)	5.00 Hours	5 Days (40 Hours)
3 - 5 Years	20 Days (160 Hours)	6.66 Hours	7 Days (56 Hours)
6+ Years	25 Days (200 Hours)	8.33 Hours	10 Days (80 Hours)

1.2 Rollover and Forfeiture Rules

Accrued PTO cannot exceed the specified maximum rollover cap at midnight on December 31st of each calendar year. Any additional accrued, unused hours beyond this hard threshold will be permanently forfeited without financial compensation or payout, unless expressly prohibited by regional legislation.

1.3 Blackout Windows

To ensure operational service level agreements (SLAs) remain safe, specific visual blackout windows are enforced. No more than 15% of any engineering or customer support department may take PTO during Q4 closing cycles (December 15 - December 31).

2. Medical and Sick Leave Ecosystem

Employees receive 10 fully paid operational Sick and Mental Wellness days per calendar year, granted upfront on January 1st. Sick leave does not roll over into the subsequent year and cannot be cashed out.

2.1 Validation and Verification Thresholds

For consecutive absences exceeding three (3) consecutive working days, an employee must submit a verifiable certificate signed by a licensed medical practitioner. This document must be securely uploaded into the HR workflow portal within 48 hours of resuming active service.

2.2 Sudden-Onset Notification SLA

In cases of sudden unexpected illness, employees must notify their immediate supervisor via Slack or email no later than 2 hours before their scheduled shift start time to maintain shift integrity.

3. Parental and Family Care Ecosystem

InnoCorp Solutions provides inclusive support options for all structural pathways to parenthood.

3.1 Maternity and Birthing Leave

Birthing parents receive up to 16 weeks of 100% fully paid leave to support physical recovery and newborn care. This window can begin up to 2 weeks prior to the anticipated delivery date.

3.2 Paternal and Non-Birthing Parental Leave

Non-birthing parents, including partners and legal adoptive parents, receive 8 weeks of 100% fully paid bonding leave. This leave must be completely utilized within the first 12 months following birth or legal adoption events.

4. Submission and Approval Workflow SLA

All applications must follow the structured electronic HR approval sequence:

- **Standard Requests (< 3 Days):** Must be submitted through the internal portal at least 5 business days in advance. Managers must approve or reject inside a 48-hour SLA framework.
- **Extended Requests (3+ Days):** Must be requested 15 business days in advance. Requires multi-tier authorization from both the line manager and departmental HR representative.
